### Profile Summary

- A motivated and detail-oriented Software Engineer with a strong foundation in programming and problem-solving. Proficient in Java and front-end development technologies. Skilled in building web applications, designing REST APIs, and handling databases. Familiar with collaborative tools like Git and agile methodologies. Passionate about learning new technologies, contributing to team projects, and delivering clean, efficient code. Eager to apply academic knowledge to real-world challenges in a dynamic work environment.

### Academic Details

- **Bachelor of Engineering (B.E.)**  
**Computer Engineering**  
P.I.E.T, Paniapt  
CGPA: 6.32(till 5<sup>th</sup> sem)

### Soft Skills

Analytical | Collaborator | Leader | Adaptable

### Technical Skills

- **Programming Languages:**  
C++, DSA, JAVA,SQL,Web Development and still leraning...

### Core Competencies

Agile Methodologies

Software Development Life Cycle

Restful API

Debugging

Containerization

Web Services

Microservice Design

Performance Optimization

System Scalability

### Academic Projects

#### Employee Management System July 2021 to July 2025

**Technologies Used:** Java, SQL, JDBC, MySQL, Swing (or JavaFX)

- Developed a desktop-based application to manage employee data, including adding, updating, and deleting employee records.
- Implemented CRUD operations using SQL for efficient database management.
- Designed a user-friendly interface for administrators to manage employee details and generate reports.
- Ensured secure data handling by implementing input validation and basic authentication mechanism.

### Academic Achievements

- Project: *Employee Management System*

Built a Java and SQL-based system for managing employee records, integrating CRUD operations and a user-friendly interface.

- **Portfolio Website**

**Description:** Developed a personal portfolio website to showcase professional technical skills, and achievements.

**Technologies Used:** HTML, CSS, JavaScript

**Key Features:**

- Responsive design with smooth animations and transitions.
- Showcases interactive blog card showcase with hover effects.
- Integrated dark mode toggle for user-friendly viewing experience.
- Built-in analytics for tracking visitors.

#### Certifications:

- Java Programming and Software Engineering Fundamentals - [Udemy]
- Data Structures and Algorithms - [Udemy]
- Web Development-[Internshala] successfully completed an 8-week online training on Web Development. The training consisted of HTML, CSS, Bootstrap, DBMS, PHP, JS and React. scored 97% marks in the final assessment and is a top performer in the training.

#### Competitions & Hackathons:

- **Flipkart Grid 6.0** (2024)
  - Participated in this national-level hackathon focused on problem-solving in areas like e-commerce, artificial intelligence, and system design.
  - Collaborating with a team to develop innovative solutions for real-world challenges posed by industry experts.

### Personal Details

**Date of Birth:** 25<sup>th</sup> April 2004  
**Languages Known:** English, Hindi  
**Address:** Karja Muzaffarpur, Bihar.
